

HOSSAM A. FARAHAT

DISTRICT GOVERNOR 2025–2026

ROTARY DISTRICT 2451 – EGYPT

CEO | ACADEMIC LEADER | ROTARY VISIONARY

Academic Excellence

Dr. Hossam A. Farahat holds a distinguished academic background in both engineering and business leadership:

- Doctorate in Business Administration (DBA), with a specialization in Human Behavioral Modeling, Utrecht University, The Netherlands (2009)
- Bachelor of Science in Telecommunications Engineering, Egypt (1980)

Professional Career Milestones

A seasoned executive and thought leader, Dr. Farahat brings decades of expertise in both corporate and academic spheres:

- Chief Executive Officer, EgyTec Projects Co. Ltd. — a leading firm in engineering solutions and consultancy
- Organizational Restructuring Consultant, providing strategic advisory to national and multinational corporations
- Academic Leader at:
 - Northampton University (UK)
 - The American University in Cairo (AUC) — where he is recognized on the AUC–SCE Honor Roll for Instructional Excellence
- Celebrated trainer, speaker, and mentor in leadership, corporate ethics, and personal development

Rotary Leadership Journey

Dr. Hossam A. Farahat has been an active and visionary Rotarian since 1998, consistently advancing Rotary's mission across Egypt and beyond. A founding member and past president of two Rotary clubs, he has played a pivotal role in expanding Rotary's footprint in Districts 2450 and 2451. Over the years, he has led and advised several strategic district committees, including RYLA, Vocational Service, Ethics, and Rotary Awareness. As a certified Rotary Leadership Institute (RLI) Trainer and former board member of the Rotary Global History Fellowship (RGHF), he has championed leadership development and Rotary heritage on a regional and international level. His Rotary service is defined by innovation, ethics, and mentorship — qualities that now shape his vision as District Governor 2025–2026, guiding District 2451 toward impactful service, inclusive growth, and lasting fellowship.
